

**RYOFORGE
PRIVATE LIMITED**

EMPOWERING INNOVATION & EDUCATION FOR THE FUTURE

**JOIN A NEW ERA OF COHORT-BASED LEARNING , WHERE
MENTORSHIP, COLLABORATION, AND REAL-WORLD
PROJECTS SHAPE YOUR PROFESSIONAL JOURNEY**

ABOUT US

Our Cohort Program is a structured learning experience designed for groups of learners (called Cohorts) who start, learn, and grow together. Unlike self-paced courses, the Cohort model ensures continuous engagement, real-time feedback, and collaboration among peers resulting in higher learning outcomes and stronger professional networks.

WHY COHORT-BASED LEARNING

Cohort learning brings structure, accountability, and community to the learning process. Learners stay motivated as they collaborate, discuss, and solve problems together. Mentors guide every step, ensuring personalized attention and practical exposure.

WHY WE'RE DIFFERENT FROM OTHERS

What sets RyoForge apart is our industry-first approach:

- We combine product innovation with education to ensure our learners gain real experience.
- Each learner works on live projects designed by professionals with 7–10 years of experience.
- Our career team supports with resume building, mock interviews, and internship/job placements.
- Unlike traditional platforms, our programs are interactive, structured, and community-driven.

WHAT WE OFFER

At RyoForge, we are committed to delivering a complete learning experience that blends education, technology, and career growth. Our offerings go beyond traditional learning — they are designed to equip learners with real-world skills, hands-on exposure, and industry readiness.

Here's what we bring to every learner:

LIVE INDUSTRY PROJECTS

Work on real-time projects that simulate workplace challenges. This practical approach helps learners gain hands-on experience and confidently apply what they learn.

EXPERT MENTORSHIP

Every session is led by industry professionals with 7–10 years of experience. They guide learners through practical insights, tools, and technologies used in real-world projects.

PLACEMENT ASSISTANCE

Our dedicated career support team provides resume building, mock interviews, job referrals, and mentorship to ensure every learner is ready for their next opportunity.

RECOGNIZED CERTIFICATIONS

Earn certifications that validate your technical and professional expertise boosting your credibility and employability across industries.

OUR TEAM

**JAYASURYA R D**

CEO

Visionary leader driving innovation and excellence in education.

**VASUDEV S. SHAHAPUR**

CMGO

Responsible for brand growth, partnerships, and learner outreach.

**HEMANTH B**

COO

Oversees operations and ensures seamless learning experience.

**RITHIK R M**

Vice President – Operations

Leads cohort execution, learner success, and strategic collaborations.

OUR COURSE STRUCTURE

At RyoForge, every program is built with a clear, progressive structure that takes learners from foundational understanding to professional-level expertise. Our course design ensures a perfect balance between theory, practice, and real-world application, preparing learners to confidently face industry challenges.

FOUNDATION LEVEL (BASICS)

Build a strong understanding of the fundamentals.

At this stage, learners develop the core skills and concepts that act as the building blocks for advanced topics.

INTERMEDIATE LEVEL (APPLICATION)

Apply knowledge through guided projects and mentor-led sessions. This phase bridges the gap between learning and doing, with a focus on hands-on experience.

ADVANCED LEVEL (PROFESSIONAL)

Master advanced tools, frameworks, and industry practices.

At this stage, learners work on end-to-end projects that simulate workplace environments.
